Councilman Dipierro had a question in regards to the Mulching Ordinance, O-4-2018-014. He asked about changing the timing and if this is something that the DEP regulates, therefore superseding our Ordinance if passed. Administrator Weinberg explained this is just to clarify how the DEP language is understood. Our Ordinance simply clarifies that and requires the mulcher to notify the Zoning Officer to make sure they are in compliance. Councilman Dipierro added that he wants to make sure we do not end up being challenged because we are narrowing down the time. Administrator Weinberg further clarified that this is in response to residents who live in or near those who mulch and are impacted by the noise and the affects of the mulching operations. Councilman Dipierro noted that he would be abstaining from voting on this Ordinance.

REPORTS:

Mayor's Report – The Mayor's Advisory Committee had a guest motivational speaker at the high school which was well attended with a full auditorium of seniors. Last year's mock crash was very successful and this year's program spoke about issues our children face which proved to be very successful.

Administrator's Report – No report, will report at the Regular Meeting.

Engineer's Report – No report, will report at the Regular Meeting.

COUNCIL REPORTS:

Council Vice-President Schneider –

- Amazing to see all of the seniors and students listening intently to the motivational speaker at this afternoon's presentation at the high school.
- This weekend was the Annual Easter Egg Hunt and Bonnet Contest with over 500 people who attended.

Councilman Dipierro –

- Attended the presentation at the high school which was very relatable. Hopefully, we can get the tape made available to the public for all to see.
- Attended Pack 105 Cub Scout Awards which was very nice event.
- The Easter Egg Hunt has very well attended which was nice to see the community all coming together. The parking was a little bit of an issue but it all came together.
- The 'No Turn on Red' signal located at the intersection of Perrineville Road and Union Valley Road is pushed back too far. It should be moved up or more signage leading up to it should be in place.

Councilwoman Cohen –

- Attended the presentation at the high as well and commented that it was a joy to see the Mayor’s Advisory Committee spring into action to make the whole program happen.

Councilman Baskin –

- The Monroe Township Community Garden will be having an information meeting on April 5th at the Senior Center at 7:00pm.

Council President Dalina –

- Wished everyone a happy holiday season to everyone.

Public:

George Gunkelman, 5 Kelly Ct. – Mr. Gunkelman commented that Perrineville Road has been closed for some time and it occurred while driving down Route 33 that the developers were told by the Township that they need to finish Phase II before they can get a Certificate of Occupancy. It appears they should take care of this while the road is closed as it would then not tie up any police officers or create any further traffic issues. He added that he is not sure if we have the leverage to encourage the developer to have the schedule coincide while the road is closed.

Prakash Parab, 33 Dayna Dr. – Mr. Parab asked for an explanation on O-3-2018-008; Council President Dalina explained that the State will be closing the Training School and the Mayor has decided that he would create a Task Force so that the property the school is on stays in a particular status which would be a beneficial situation for the residents.

In regards to the school funding, we only receive \$3.6 million. There is something wrong with that figure and it is something that we really should be looking at.

Attended the ‘March for Our Lives’ rally in Princeton which was really interesting.

Tom Bartley, 559 Spotswood-Englishtown Rd. – Mr. Bartley stated he was in the process of preparing a tax appeal for his property as he has a certified appraisal saying his property is worth \$690,000 but the Tax Assessor is saying that it is worth over \$800,000; Township Attorney Joel Shain commented that the Council has nothing to do with this and suggested to Mr. Bartley that he makes an appointment with the Tax Assessor to talk with him.

Joseph Atanasio, 21 Wellington Pl. – Mr. Atanasio commented that he thought we owned the property cited in R-4-2018-121 and asked why we are paying money to acquire it still; Council President Dalina answered that we own the property through the eminent domain process.
