

November 24, 2020

Dear Resident:

On Saturday, November 21 at approximately 6:35am, Monroe Township was notified by a neighborhood resident of a spill situation at the landfill site. The resident observed a substance coming from the above ground tanks, making its way down the gravel driveway into the road. Monroe immediately notified BFI Waste Systems of New Jersey and a maintenance team was on site within a half hour, followed by the Township Engineer and other officials. Immediate steps were taken to clean and flush all areas where leachate may have spilled.

As required, the incident was reported to the NJDEP and the EPA. Attached you will find the DEP report outlining the same; please note, that the estimated volume of waste discharged was initially reported as 4 gallons and has been revised to 200-800 gallons. All agencies continue to investigate the incident.

Subject: NJDEP A310 Incident Notification - Communication Center ID:20-11-21-1256-49 (Monroe Twp / Middlesex County)

SUSPECTED HAZARDOUS SUBSTANCE DISCHARGE NOTIFICATION:

NJDEP INCIDENT NOTIFICATION NUMBER: 20-11-21-1256-49

The New Jersey Department of Environmental Protection has received notification of an incident that may have resulted in a discharge of a hazardous substance within your jurisdiction.

Pursuant to N.J.S.A. 13.1K-15 et seq., (P.L. 1984, c 210) "Hazardous Substance Discharge - Reports and Notices Act" and N.J.A.C. 7:1E-5.1 et seq., Hazardous Substance Discharge: Reports Notices, attached to this email is a copy of our Incident Notification Form which contains details of the suspected discharge.

Further information concerning this incident may be obtained by reviewing attached Notification Letter and Incident Report.

If you have any questions, please do not hesitate to call, Shannon 732-610-9856.
