## RATE SCHEDULE

EFFECTIVE MAY 1, 2017 JULY 1, 2018

### PART 1 – SEWER SERVICE

#### SECTION A – DEFINITIONS

A “UNIT” shall be defined as follows:

1. Residential:

- (a) Each single-family dwelling.
- (b) Each single-family apartment dwelling in a multiple family structure or structures.
- (c) For users, other than residential: including each tenant in a non-residential building, an Equivalent Dwelling Unit of sewage flow shall be deemed to equal gallons per day of sewage flow. Example: 138 gal/day x 365 days = 50,370 gal/year or 12,593 gallons per quarter = one unit-UNIT.

2. Definitions:

Customer – shall be the owner of the property. For existing multi-family or non-residential customers with multiple meters the MTUD will continue as a courtesy to send the bills to the Tenant with a copy to the Owner. The Owner is responsible for payment of the bills. If the bill(s) are unpaid a lien will be placed on the property.

REGULAR COMMERCIAL USER: Commercial establishments that do not exceed one or more of the industrial cost recovery surcharges or COD or Grease Limits 25% or more of the sampling schedule over a 12 month rolling average shall be listed as REGULAR COMMERCIAL CUSTOMERS. Typical commercial accounts involving are general business offices such as banking, real estate, travel agencies, post office box/copying centers, travel agencies, book stores, barber shops, salons etcetera and such new facilities shall initially be charged as a REGULAR COMMERCIAL USER until sampling demonstrates that do not qualify as such.

HEAVY COMMERCIAL USER: Commercial establishments that exceed one or more of the industrial cost recovery surcharges 25% or more of the sampling events over a 12 month rolling average shall be listed as HEAVY COMMERCIAL USERS. Commercial accounts involving: any food preparations, any grocery operations, any laundry services, nursing homes, hotels, kennels, dry cleaners, any markets, banquet facilities, any manufacturing activities, any packaging/re-packaging activities etc. are typically HEAVY COMMERCIAL USERS and, therefore, such new facilities will be charged as HEAVY COMMERCIAL USERS until they can demonstrate that their discharge did not meet the definition of HEAVY COMMERCIAL USER. Other commercial establishments will be added to this user list should sampling show an exceedance of more than 25% of any sampling events in a rolling 12 month period the industrial cost recovery surcharges. HEAVY COMMERCIAL USERS will be allowed a 50% exceedance of the industrial cost recovery standards as part of this RATE SCHEDULE before additional surcharges shall be charged. Sampling charges listed herein shall apply.

BOD shall mean the capacity of oxygen utilized in the biochemical oxidation of organic matter under standard laboratory procedure in five days at 20 degrees Centigrade.

COD testing will be used by the Utility Department to measure the content of organic matter present in the wastewater stream from individual commercial users from time to time. This test provides a quick test (2-3 hours versus up to 5 days) for the wastewater's COD is the equivalent of the organic matter that can be chemically oxidized versus biologically oxidized. A direct correlation between BOD and COD can be estimated and will be used by the Utility Department in surcharge calculations.

Suspended Solids shall mean solids that either float on the surface or are in suspension in water, sewage, or other liquids and those which are removable by laboratory filtration.

Chlorine Demand is the difference between the amount of chlorine applied to a treated supply and the amount of free combined or total available chlorine remaining at the end of the contract period.

GREASE: Grease is defined to include the accumulation of oils, fats, cellulose, starch, proteins, wax, or grease, whether emulsified or not, in the Sewer System of the Utility Department. These are substances which may solidify or become viscous at temperatures between thirty-two (32) degrees Fahrenheit and one hundred-fifty (150 Fahrenheit) (0 degrees – 65 degrees Celsius). Discharges of grease that enters the Utility Department's sewer system shall be subject to a fine of \$500.00 and reimbursement for all associated costs to eliminate the grease issue plus a 25% administrative fee.

GREASE GENERATING ESTABLISHMENTS: Grease generating establishments, shall mean all retail food establishments, catering establishments, commercial food preparation facilities, meat processing facilities, and other establishments that may be capable of accumulating and discharging grease into the Sewer System.

DISCHARGE OF RAGS, TOWELS, DIAPERS, WIPES AND OTHER DISPOSABLE ITEMS: No one shall place or cause to be placed rags, towels, disposable cleaning/baby wipes, diapers, disposable toilet cleaning instruments or similar items that will enter any Utility Department sewer or manhole. In addition, no medical wastes shall be flushing down a toilet or drain that leads to a Utility Department sewer or manhole including syringes. Discharges of any of these type materials that enter the Utility Department's sewer system shall be subject to a fine of \$500.00 and reimbursement for all associated costs to remove these materials form sewer pipes and/or manholes plus a 25% administrative fee.

OWNER: Owner shall mean individual, person, firm, company, association, society, corporation, or group upon whose property the building or structure is located or will be constructed. In the event that one entity owns the building while another entity owns the property then the Owner is the latter of the two.

## **SECTION B – ANNUAL SEWER SERVICE CHARGES**

### Classification

### Minimum Annual Service Charge

1. REGULAR Commercial users shall pay \$9.00 per 1,000 gallons or portion thereof for all usage. A minimum quarterly service charge shall be \$100.00.
2. HEAVY Commercial users shall pay \$10.50 per 1,000 gallons or portion thereof for all usage. A minimum quarterly service charge shall be \$100.00.
3. An industrial cost recovery surcharge shall be collected by the Utility Department for those Commercial users whose sewage characteristics exceed one or more of the following standards:
  1. Biochemical oxygen demand (BOD) greater than 200 parts per million (PPM).
  2. Suspended solids greater than 250 PPM.
  3. Chlorine demand in excess of 15 PPM.

For such users the industrial cost recovery surcharge shall be based on the most recent and highest cost in the Schedule of Rates charged by Middlesex County Utilities Authority plus a twenty-five percent administrative fee for only those characteristics that are higher than the above standards. In addition, surcharges shall only be charged for the specific characteristic(s) above the maximums listed above.

Where the industrial cost recovery surcharge is charged to another municipality, the charge shall be based on the Schedule of Rates charged by Middlesex County Utilities Authority plus a ten percent administrative fee.

The characteristics of the sewage waste shall be determined from actual samplings or other approved means, and shall be based upon analysis made in accordance with the procedure outlined in the latest edition of "Standard Methods of Analysis of Water and Sewage" published by the American Public Health Association. The Utility Department may require the installation of automatic samplers at the cost of the owner to obtain representative samples during a calendar quarter, or as may be required. The cost of sampling and analysis will be borne by the customer.

The Utility Department may take grab or composite COD samples from any Commercial user in lieu of BOD sampling to determine whether a Commercial User is discharging waste in excess of the industrial cost recovery standards. The cost of this sampling (\$75.00 for a grab sample and \$150 for a composite sample) and analysis (\$50.00) shall be borne by the User. The sampling costs performed for the Utility Department by an outside independent laboratory to determine compliance by any User to these standards shall be borne by the User plus a 25% administrative fee.

Control of Grease. No person or business shall discharge or cause to be discharged into the Sewer System, any water or waste containing more than one hundred (100) PPM by weight of fats, oils or grease.

In the event it is determined that blockage of an Utility Department sewer main is a result of the discharge from any grease generating establishment, all costs incurred by the Utility Department will be charged to the Owner of said grease generating establishment. Such costs can include but are not limited to, cost of clearing the blockage; damages to sewer lines; administrative, legal, and engineering costs; cleanup of pollution to surrounding soils or water; and reimbursement of any penalties imposed by regulatory agencies.

In addition to such other remedies as may be provided by law for violation of these regulations, the Utility Department may add or required to be added by the owner of said premises, such bacteria formulations and/or other recognized chemical formulations, to the Sewer System servicing grease generating establishments regulated herein. The Utility Department may charge the cost thereof as an additional sewer use charge to the Owner who is in violation of any provision of this regulation.

All food establishments shall install and regularly/properly service grease traps of sufficient capacity to eliminate the discharge of oil and grease.

In the event of any violation of this regulation or of any improper unauthorized use of any portion of the sewer system by any owner, then the Owner shall be penalized a maximum of Five Hundred (\$500.00) Dollars for each violation or improper

unauthorized use. Each Day in which a violation or improper unauthorized use occurs, shall be deemed a separate offense. For purposes of this regulation, two (2) test readings showing more than 100 parts per million by weight of fats, oils or grease within a calendar month shall be deemed to be presumptive evidence of a violation occurring in each day of that calendar month and shall place the User into the HEAVY COMMERCIAL Rates.

4. All Residential (as defined in Section A (1) above): ~~other than residential:~~ —\$259.00 per unit

5. ~~All users other than residential:~~

- (a) For the first 26,000 gallons ~~unit~~ or portion thereof, a minimum annual service charge of \$259.00.
- (b) For those residential users, whose quarterly sewage flow exceeds 26,000 ~~12,593\*~~ gallons based on metered water consumption or actual sewage flow the rate shall be as follows:

Quarterly usage (#of Gallons)		Rates
<b>From:</b>	<b>To:</b>	
0	<u>26,000</u> <del>12,593</del> <<<gallons per qtr.	\$64.75 per quarter
<u>26,000</u> <del>12,593</del> <<<gallons per qtr.	And over	\$64.75 plus <u>\$1.00</u> <del>\$7.00</del> per 1,000 gallons

- (c) All water consumption readings shall be those obtained by the Utility Department from its own billing records where the Utility Department is supplying the water, or from the water company furnishing water to the respective units: and/or a properly calibrated and certified sewer flow meter. If a customer obtains its water supply from a private well or an un-metered public water supply, then the user shall install a meter, location of which is to be approved by the Utility Department. In the event the user fails to install said meter after receiving notice from the Utility Department, then such installation shall be made by the Utility Department. In either case, the costs of the meter up to quarterly calibrations and the installation thereof shall be borne by the user. The meter shall be of the type approved by the Utility Department and may be purchased from the Utility Department. Prices of meters will be furnished upon request to the Utility Department.
- (d) In the event that estimated usage should prove to be inaccurate, the Utility Department reserves the right to recalculate prior Annual Service Charges with the difference charged to or credited to the user.
- (e) In the event a customer claims a substantial water use, the waste product of which does not pass into the sewer system, the customer shall have an option of specifically metering the waste usage which does not flow into the sewer system and the water so used shall be deducted from the total water usage in computing annual water consumption. All customers shall have the option of installing a sewer meter at the customer's cost and expense and in the event of such an installation, the readings on said sewer meter shall be substituted for the annual water consumption as set forth in subsection (b) hereof.
- (f) ~~An industrial cost recovery surcharge shall be collected by the Utility Department for those users whose sewage characteristics exceed one or more of the following standards:~~
  - 4. ~~Biochemical oxygen demand (BOD) greater than 200 parts per million (PPM).~~
  - 5. ~~Suspended solids greater than 250 PPM.~~
  - 6. ~~Chlorine demand in excess of 15 PPM.~~

~~For such users the industrial cost recovery surcharge shall be based on the most recent and highest cost in the Schedule of Rates charged by Middlesex County Utilities Authority plus a twenty five percent administrative fee for only those characteristics that are higher than the above standards. In addition, surcharges shall only be charged for the specific characteristic(s) above the maximums listed above.~~

~~Where the industrial cost recovery surcharge is charged to another municipality, the charge shall be based on the Schedule of Rates charged by Middlesex County Utilities Authority plus a ten percent administrative fee.~~

~~The characteristics of the sewage waste shall be determined from actual samplings or other approved means and shall be based upon analysis made in accordance with the procedure outlined in the latest edition of "Standard Methods of Analysis of Water and Sewage" published by the American Public Health Association. The Utility Department may require the installation of automatic samplers at the cost of the owner to obtain representative samples during a calendar quarter, or as may be required. The cost of sampling and analysis will be borne by the customer.~~

- ~~(g) Control of Grease. No person or business shall discharge or cause to be discharged into the Sewer System, any water or waste containing more than one hundred (100) PPM by weight of fats, oils or grease.~~

~~In the event it is determined that blockage of an Utility Department sewer main is a result of the discharge from any grease generating establishment, all costs incurred by the Utility Department will be charged to the Owner of said grease generating establishment. Such costs can include but are not limited to, cost of clearing the blockage; damages to sewer lines; administrative, legal, and engineering costs; cleanup of pollution to surrounding soils or water; and reimbursement of any penalties imposed by regulatory agencies.~~

~~In addition to such other remedies as may be provided by law for violation of these regulations, the Utility Department may add or required to be added by the owner of said premises, such bacteria formulations and/or other recognized chemical formulations, to the Sewer System servicing grease generating establishments regulated herein. The Utility Department may charge the cost thereof as an additional sewer use charge to the Owner who is in violation of any provision of this regulation.~~

~~All food establishments shall install and regularly/properly service grease traps of sufficient capacity to eliminate the discharge of oil and grease.~~

~~In the event of any violation of this regulation or of any improper unauthorized use of any portion of the sewer system by any owner, then the Owner shall in the discretion of the Director be penalized a maximum of Five Hundred (\$500.00) Dollars for each violation or improper unauthorized use. Each Day in which a violation or improper unauthorized use occurs, shall be deemed a separate offense. For purposes of this regulation, two (2) test readings showing more than 100 parts per million by weight of fats, oils or grease within a calendar month shall be deemed to be presumptive evidence of a violation occurring in each day of that calendar month.~~

#### **SECTION C – PAYMENT OF ANNUAL SEWER SERVICE CHARGES**

1. All sewer service charges are payable quarterly in advance.
2. All charges shall be payable on or before the due date of the bill. Any charges which are not paid by the due date will be charged a penalty of (1%) per month or fraction of a month, back to the billing date. Any partial payment of a bill will be applied first to interest charges, then to the oldest service charges.
3. If any account which remains unpaid after the due date will be sent a reminder. If any account is still unpaid at thirty (30) calendar days after the date due, a notice will be sent giving fifteen (15) calendar days to make payment or services will be discontinued. If payment is not received within fifteen (15) calendar days service will be shut off and a shut off fee of \$75.00 will be assessed to the account.
4. All penalties are due and payable within thirty (30) days from the date that the Owner is notified in writing of the violations charged and the penalty to be imposed. In the event the penalty is not paid as required under these rules, then the Utility Department in its discretion may take all

actions available to it for the non-payment of sewer charges as provided in N.J.S.A. 40A:26A-12. For purposes of these regulations, the Owner shall be responsible for the actions of any tenant using the sewer system.

The penalties imposed in this section shall be cumulative to other remedies afforded to the Utility Department by statute, as provided in N.J.S.A. 40A:26-14.

**SECTION D – SEWER CONNECTION FEES AND CHARGES**

1. The initial fees for the right to connect directly or indirectly to the Utility Department sewer system shall include a connection charge or fee per unit, as well as fees for applications, review, and inspection of work to be accomplished by the applicant in keeping with the Utility Department’s “Rules and Regulations Governing Applications to the Monroe Township Utility Department for Construction of Comprehensive Sewer Systems in the Township of Monroe.” These connection fees, which are one-time initial service charges for the right to connect to the Utility Department’s sewer system, are calculated in accordance with N.J.S.A. 40A26A-11 and are an integral part of this Rate Schedule.
2. The connection fee for each unit shall be \$3,112.00. Connection fees for single family homes not part of a real estate development are payable at the option of the applicant in two installments with the initial installment paid prior to the time of the connection and the second payment due within one year. Interest shall accrue and be due to the Utility Department at 1% per month on the unpaid balance. In the case where the system is under construction but not yet available for connection, connection fees can be paid at the option of the applicant in two (2) installments without interest.

In the case of real estate developers, the connection fees for any development of ten (10) or less units shall be payable at the time of final approval.

In any single family home development of more than ten (10) units, connection fees for the first ten (10) units shall be payable at the time of final approval with the balance of connection fees payable in groups of ten (10) units at a time in advance of the building permit. For Townhome, Condominium or Apartment Unit construction, connection fees shall be payable prior to start of any work on each individual structure.

3. For a user other than residential with estimated sewage flows in excess of 138 gallons per day the connection fee shall be based on the number of units as defined in Section A (2) above. Fractional number of units shall be calculated to the next highest unit.
4. Where a connection to the sewer system is to be made after construction of mains has been completed and sewer service is available to the user, then in addition to the connection fee, the applicant shall pay for the cost of construction and inspection from the main to the curb, such construction to be performed by an approved contractor and inspection by the MTUD
5. No connection to the Utility Department sewer system shall be made until compliance with the requirements set forth in this Section have been met, and no excavation shall be back-filled until inspection has been completed by the duly designated representative of the Utility Department.

**SECTION E – FILING, REVIEW AND INSPECTION FEES**

1. Where mains are to be constructed by anyone other than the Utility Department, the applicant shall make application and pay fees for the time of Utility Department personnel on an hourly basis to draw down against the deposit as listed below:
  - a) Application for Review of Preliminary Plans:  
Minor Subdivision Fee ..... \$600.00  
  
Major Subdivision or Major Site Plan-Deposit ..... \$1,000 min.  
or \$25.00 per unit whichever is greater.

- b) Application for Tentative Approval:  
Review Fee – Deposit ..... 1-1/2% of estimated construction cost or \$600.00 minimum.
  
- c) Application for Final Approval:  
Review Fee – Deposit .....1-1/2% of estimated construction cost.
  
- d) Inspection Fee – Deposit .....5% of estimated construction cost with a \$600.00 minimum.
  
- e) Application for extensions of approval must be accompanied by a re-view fee deposit of \$600.00. Application for revisions after submittal and initial review must be accompanied by a review fee deposit of \$1,000.00.
  
- f) Request for USEPA grant waiver or mapping revision must be made by the Owner of the property. A \$600.00 processing fee made payable to MTUD must accompany the request.
  
- g) An administrative fee shall be applied directly to sanitary sewer reimbursement calculation update requests by or for Developers and shall include administrative, accounting and engineering time. Fees shall be a minimum of \$450.00 per calculation (up to 5 connecting developments), \$750.00 per calculation (6 to 10 connecting developments), \$1250 per calculation (11 to 20 connecting developments) and \$2000.00 (over 20 connecting developments). Fees will be deducted from the appropriate reimbursement amounts.

If the deposit is depleted before completion of review or inspection, the applicant shall deposit an additional amount to complete the review or inspection as estimated by the Utility Department Engineer within five (5) days of notification or all review and inspection will cease at the end of five (5) days after notification.

Any review fees for Preliminary Minor Applications is a flat fee and no portion will be returned to the applicant upon approval by the Utility Department.

Minor applications include any residential application which does not require extension of water and or sewer facilities (including service connection in the street) and which will not connect more than three houses to the water/sewer system. All commercial/industrial applications are major applications; however, the Utility Department may charge the lower minor review fee to tenants in newly approved commercial buildings for individual tenant fit out.

Any deposit monies other than review fees for Preliminary Minor Application not used will be returned to the applicant upon request after the project is completed. The Utility Department will retain sufficient funds to conduct an inspection at the end of the maintenance period.

The amount charged by the Utility Department for review and/or inspection shall be calculated by the Utility Department on an annual basis after the adoption of the Utility Department's budget for the coming fiscal year and shall be based on the hourly salary cost to the Utility Department plus the cost of fringe benefits payable to said individual and the cost of the overhead of the Utility Department allocable to that employee.

- 2. All persons wishing to connect to the sewer system are required to make application for connection under the terms of the preceding paragraph and pay the required fees as outlined in that paragraph.
  
- 2A. Each time there is a change in the owner or tenant of a non-residential unit, the owner shall file an application for approval.

**SECTION F – RATES CHARGED TO CUSTOMERS SERVICED BY OTHER ENTITIES**

Rates charged to customers who are **individually** serviced by other entities through contract between the Monroe Township Utility Department and that entity shall be at that rate which is set forth in the contract with the entity, plus a twenty-five percent administrative cost unless prohibited by the contract with the other entity **or any applicable state regulation.**

**SECTION G- RESERVATION, RIGHT TO MODIFY**

The Township of Monroe reserve the rights to modify or change any of the foregoing rules or make such addition, by rules and regulation, as maybe found essential in the protection of the public interests and the management of the Department and to impose such additional restrictions as may be deemed necessary.

**If any of the above regulations is declared or held to be unconstitutional or legally inoperative, no other portion of this regulation shall be affected, but the unconstitutional or inoperative provision shall be rescinded and remaining provisions of this regulation shall remain in effect.**

**PART II – WATER SERVICE**

**SECTION A – DEFINITIONS:**

A. “UNIT” shall be defined as follows:

1. Residential
  - a) Each single-family dwelling
  - b) Each single-family apartment dwelling in a multiple family structure or structures.
  
2. Other than Residential: includes each tenant in a non-residential building, One Equivalent Dwelling Unit of potable water shall equal 185 gallons per day of estimated water consumption or fraction thereof. In a building with more than one tenant or occupant, each separate tenant or occupant shall be calculated separately. Example: 185 gal/day x 365 days = 67,525 gal/year = one unit.
  
3. IRRIGATION: One equivalent unit of non-potable water used for irrigation shall equal 483 gallons per day of water consumed or fraction thereof. Connection fees set forth in Section K shall be applicable.

**SECTION B – FIXED SERVICE CHARGES FOR POTABLE WATER**

1. All metered general potable water service users shall pay a fixed service charge based on the size of each connection installed, in addition to the charges for the quantity of water used, if any.

	Size of Connection	Fixed Service Charge per Quarter
(A)	Residential:	
	5/8” or 3/4”	\$13.28 per Unit
	1”	\$26.55 per Unit
	Multiple Dwelling	\$13.28 per Unit

	4"	<del>\$150.00</del> \$132.76 per Unit
	6" and Over	<del>\$225.00</del> \$185.86 per Unit

**SECTION E - RATES FOR TOWNHOUSES/MULTI-FAMILY/APARTMENT BUILDINGS/RESIDENTIAL SINGLE FAMILY HOMES/COMMERCIAL PROPERTIES USING POTABLE WATER USED FOR IRRIGATION WITH A SEPARATE WATER METER:**

In addition to the fixed service charge set forth above, a quarterly charge will be made for all potable water used as registered by the meter.

	Gallons per Quarter	Rate per 1,000 Gallons
For the first	10,000	\$2.47
For the next	15,000	\$2.76
For all over	25,000	\$4.15

**SECTION F - IRRIGATION CHARGES-NON POTABLE WATER USE**

- a. Residential customers with a separate meter for irrigation, connected to a non-potable water main, quarterly charges will be based only on the amount of water actually used. No fixed service charge and no connection fee. A rate of \$2.00 per 1,000 gallons will apply: up to the first 25,000 gallons per quarter and \$2.73 per 1,000 gallons thereafter.
- b. Commercial customers with a separate meter for irrigation connected to a non-potable distribution main, charges will be based only on the amount of water actually used. A rate of \$2.73 per 1,000 gallons will apply. up to 25,000 gallons per quarter and \$3.41 per 1,000 gallons thereafter.

In the event that any water meter shall become damaged or otherwise inoperable during any billing period, the bill for that billing period shall be based on an estimated use of water.

**SECTION G - PRIVATE FIRE PROTECTION SERVICE FOR MONROE FIRE DISTRICTS NOS. 1, 2 AND 3:**

1. Annual stand-by water charges for sprinkler systems.

Size of Connection Inches	Annual Charge
Non-residential 2" or smaller*	\$170.00
3"	<u>\$275.00</u> \$255.00
4"	<u>\$375.00</u> \$340.00
6"	<u>\$725.00</u> \$675.00
8"	<u>\$1,500.00</u> \$1,350.00
10"	<u>\$2,500.00</u> \$2,025.00
12"	<u>\$3,000.00</u> \$2,675.00

Additional charge for each sprinkler head is ~~\$1.00~~ \$2.00 and is in addition to the above fees.

\*non-residential only; there will be no stand-by charge for residential fire connections 2" and smaller

2. The annual charge for each hydrant and/or Siamese connection shall be ~~\$275.00.~~ \$400.00 whether metered or not. Private fire hydrants are only to be used for firefighting.
3. No charge shall be made for water used in the extinguishing of fires. Water for any other purpose shall not be drawn from a private fire service connection and will be considered theft of service.

4. Fire protection shall be provided by separate connection to the Utility Department mains.

**SECTION H – PUBLIC FIRE PROTECTION SERVICE:**

1. The annual charge for each public hydrant, owned/operated/maintained by the Utility Department shall be \$275.00.
2. No charge shall be made for water used in the extinguishing of fires via a fire hydrant.

**SECTION I – MISCELLANEOUS**

**1. Turn on and turn off fees and Final Meter Readings**

A charge of \$75.00 shall be made for each turn-off or turn-on during regular working hours. Any turn-on or turn-off required outside regular working hours shall be charged at \$102.50 each unless both turn-on and turn-off are scheduled two days in advance and no more than one hour apart. A minimum notice of seven (7) days for each turn-off and/or turn-on must be given to the Utility Department. Under no circumstances shall any person not authorized by the Utility Department open or close the curb stops or valves in any Utility Department water line.

The above fees shall also apply to each and every final water meter reading request and shall be payable as a part of the final water/sewer billing plus a \$25.00 administrative fee for a total final meter reading charge of \$100 (Work day).

**2. ~~Temporary~~ Water Meters**

The Utility Department reserves the right to install temporary meters during construction of any residential or commercial structure. The fee for installation of temporary meters shall be \$275.00. Spreader pipes shall not be used and/or installed.

All new construction requiring water meters shall purchase meters and remote reading units from a local supplier that meets Utility Department requirements as follows:

- A. Residential/Commercial Potable or Irrigation Water Meters: NEPTUNE MACH 10 Ultrasonic Meter UP TO 2-Inches
- B. Commercial Meters Larger than 2-Inches OCTAVE ULTRASONIC METER
- C. Remote Reading Unit: ITRON ERT-1300-402 100W+.

For each new Single Family Home, these meters/remotes can be purchased at the Utility Department with 10 days advance notice, at Cost plus a 10% administrative fee. For projects with more than one (1) unit, the Utility Department will provide the Developer with contact information and current costs for the above meters/ remote units. Developer will need to have the meters/Units delivered to the Utility Department well in advance of their needs. Cost of the meters/units shall be at the Developer’s sole expense and paid in advance to the local supplier of the meter and/or remote unit. No administrative fees shall be charged.

**3. Wet tap fees**

Where the user requires connection to the water system after construction of mains has been completed and water service is available to the user, then in addition to the connection fee, the applicant shall pay for the cost of construction from the main to the curb, such construction to be performed by the Utility Department and/or an approved contractor. These costs shall be as follows:

When the tap is on the same side of the road as the service:

3/4"		\$1,500.00
1"		\$1,650.00

1-1/2"		\$2,650.00
2"		\$3,100.00

When the tap is on the opposite side of the road from the service:

3/4"		\$1,750.00
1"		\$1,950.00
1-1/2"		\$3,000.00
2"		\$3,650.00

The above fees are based on a 4 hours timeframe. If project goes over 4 hours then hourly rate of \$250.00 is applied. These fees include meter pit and installation costs.

It is the applicant's responsibility to secure necessary road opening permit, to excavate, backfill and restore the excavated area according to MTUD Rules and Regulations.

#### 4. Hydrant Meter Rental

The use of water for building purposes, irrigation, or other construction, shall be metered at a hydrant to be determined by the Utility Department. At the time of application, the user shall pay submit a deposit for the meter as follows:

3/4" Meter		\$500.00
3"		\$1,500.00

In addition, there shall be a per hydrant use fee of \$50.00 per month (Contractor shall list all hydrants to be used) and a rental charge for the hydrant meter of ~~\$50.00~~ \$100.00 per month or part thereof, payable monthly in advance. Each meter holder, by the 5<sup>th</sup> day of each month shall return the meter to the Utility Department for them to read.

If the meter holder fails to provide a meter reading by the date specified, then the meter will be confiscated by the Utility Department and the deposit will be forfeited. The charge for water usage will be made on the basis of Section C hereof. The application for such water services shall be made by the owner of the property on which said water is to be used. The Utility Department shall have its statutory lien on such property for the collection of said charges.

#### 5. Tampering, Illegal Connections & Theft of Services

In any case, where an unmetered attachment is made to a hydrant or a water service line is attached to the Monroe Township Utility Department's water system, or a water meter has been adjusted, damaged, or tampered with, the customer who uses such unmetered water or on whose premises said meter is located, as the case may be, shall be charged a cost recovery charge of \$500.00, plus the cost of water, which shall be billed as part of his regular billing on the next regular billing date after said adjusting, tampering or damage shall have been discovered.

In addition, any person Developer, General Contractor or Plumbing Contractor found tampering or unauthorized use of water by way of using a hydrant or a fitting known as "Jumper", "Spacer" or "Spreader" shall be billed a recovery charge plus water usage charge to be determined by the Utility Department. Connections or tampering with larger size illegal connections will be in increments of \$500.00 for every diameter over 3/4 inch (3/4" to 1", 1" to 1-1/2", 1-1/2" to 2", etc....) Payment shall be paid in full prior to the issuance of any additional MTUD permits or continuation of any MTUD permit and the Construction Department of Monroe shall be authorized to issue a stop work order until such payment has been made in full.

A minimum fine of \$500 plus a \$5 per gallon charge for pumping, vactoring or diluting any illegal discharge and any outside expenses plus an administrative fee of 25% associated with investigating and rectifying any situation to the satisfaction of the Utility Department, Middlesex County, and/or NJ DEP shall be charged to any person or persons who illegally, or without MTUD permission, opens or uses any sanitary sewer, pipe connection, lateral, cleanout, or manhole to discharge or cause to be discharged any substance or liquid that will flow into a Utility Department sewer including rainwater, runoff, sump pump discharges, groundwater, seepage, or waste water of any kind.

In addition, a minimum fine of \$500 plus the cost of repairs with a 25% administrative fee shall be imposed on any person or persons who damages, paves over, and/or discharges millings or other debris into each and every valve box, curb box, meter pit, manhole, cleanout or any other Utility Department facility.

- 6. Damages caused to water and/or sewer equipment or facilities caused by customers, contractors or developers including water meters, meter pits, meter pit covers, remote readers, or other water or sewer appurtenances will be billed to the responsible party at three (3) times the current replacement cost to cover the labor, administrative and other costs incurred by the Township.
- 7. **Meter, Removal, Testing & Certification charges**

If at the request of the customer, a meter is removed and bench tested and it is found to be accurate (within 1% of 100%) then the customer shall pay the cost of such testing as stated below. A deposit equal to test fee is required before any testing can be done. If the meter meets the utilities' standards, the deposit is used to cover the cost of testing. No charge if meter tests outside these standards, the deposit is returned to the customer.

Size of Meter	Test Fee
5/8 to 1 inch	\$150.00
1 ½	\$250.00
2" and up	\$350.00

- 8. When the Utility Department performs a bacteriological test on new water lines, there shall be a fee of \$150.00 per test, payable in advance.
- 9. **Winterization Fees**

MTUD staff shall be the sole operator of utility facilities including: valves, curb stops, meters and other appurtenances.

Residential winterization work should be done by a licensed plumber bonded with the MTUD. It is the responsibility of the customer/homeowner to protect the meter from freezing during cold and freezing weather. Fees for repairs due to damage resulting from frozen meters are the responsibility of the customer/homeowner. There will be a non-refundable fee as follows for weekday business hours turn off (Fall) and turn on (Spring) service by MTUD Staff:

Size (inches)	Fee

**10. Returned Check Fee: \$20.00**

**11. Irrigation Connection Application Processing Fee (Form #W7): \$50.00**

**12. Hydrant Flow Testing Fees: \$250.00 All fire hydrant flow tests shall be witnessed by Utility Department staff who will operate the two (2) hydrants required to provide the flow test. Results of the flow test results shall be provided to the Utility Department Director within 10 days of the test. Use of more than 2 fire hydrants shall be billed at \$125 per additional hydrant.**

**13. Water/Sewer Assistance Fees: Utility Department staff may assist private and/or outside agencies under various emergency conditions. The Utility Department shall be reimbursed for all expenses using applicable FEMA rates and/or actual expenses plus a 25% administrative charge for private assistance and 10% for other public agency assistance.**

**14. ~~Access to the premises.~~**

Upon presentation of an official M.T.U.D. identification badge, Utility staff in full uniforms, the authorized MTUD employee shall be granted access to the meter at reasonable hours of the day to inspect the meter and perform other duties as may deem necessary. Any person, who may obstruct or oppose the Utility Department in making such inspection or other work relative to the water service, shall bear the cost of having a meter pit installed. If the cost of the installation remains unpaid, the Utility Department shall have its statutory lien on the property for the collection of said charges.

#### **SECTION J – PAYMENT**

1. All water fixed service charges are payable quarterly in advance and water usage charges shall be billed in the next quarter.
2. All charges shall be payable on or before the due date of the bill. Any charges which *are* not paid by the due date will be charged a penalty of one percent (1%) per month or fraction of a month, back to the billing date. Any partial payment of a bill will be applied first to interest charges, then to the oldest service charges.
3. If any account which remains unpaid after the due date will be sent a reminder; if any account is still unpaid at thirty (30) calendar days after the due date, a notice will be sent giving fifteen (15) calendar days to make payment or services will be discontinued. If payment is not received within fifteen (15) calendar days water service will be discontinued and a shut off fee of \$75.00 will be assessed to the account and an additional \$75 turn on fee will be assessed, when all other charges are settled.
4. All penalties are due and payable within thirty (30) days from the date that the Owner is notified in writing of the violations charged and the penalty to be imposed. In the event the penalty is not paid as required under these rules, then the Utility Department in its discretion may take all actions available to it for the non-payment of sewer charges as provided in N.J.S.A 40A:31-12. For purposes of these regulations, the Owner shall be responsible for the actions of any tenant using the sewer system.

The penalties imposed in this section shall be cumulative to other remedies afforded to the Utility Department by statute, as provided in N.J.S.A. 40A:13-14.

#### **SECTION K – POTABLE WATER CONNECTION FEES AND CHARGES**

1. The initial fees for the right to connect directly or indirectly to the Utility Department's water system shall include a connection charge or fee as well as fees for application review and inspection of work to be accomplished by the applicant in keeping with the requirements of the Utility Department's Rules and Regulations. These connection fees, which are one-time initial service

charges for the right to connect to the Utility Department's water system, are calculated in accordance with NJSA 40: 31-11 and are an integral part of this Rate Schedule.

2. The potable water connection fee for each equivalent unit shall be \$3,189.00 and the irrigation connection fee using potable water with a separate meter shall be \$1,000.00 per equivalent unit. Connection fees for single family homes not part of a real estate development are payable at the option of the applicant in two (2) installments with the initial installation paid prior to the time of the connection and the second payment due within one year. Interest shall accrue and be due to the Utility Department at 1% per month on the unpaid balance. In case the system is under construction but not yet available for connection, connection fees can be paid at the option of the applicant in two (2) installments without interest. In the case of real estate developers, the connection fees for the development shall be payable at the time of final approval.

In any development of more than ten (10) units, connection fees for the first ten (10) units shall be payable at the time of final approval with the balance of connection fees payable in groups of ten (10) units at a time in advance of the building permit.

All new structures constructed within the Utility Department's potable water system shall use this system for on-site irrigation unless prior approved by the Utility Department due to a limited water supply. All outside hose bibs on any new structure shall use a separate irrigation service and meter for outside watering needs where available and appropriate backflow devices installed and tested.

3. For a user other than residential with estimated potable water consumption in excess of ~~183~~ 185 gallons per day and/or 483 gallons per day for non-potable irrigation water, then the connection fee shall be based on the number of units as defined in Section A (2) above. Fractional number of units shall be calculated to the next highest unit.
4. The Utility Department reserves the right to examine plans for all connections and to specify the connection size required. The gallonage used to determine the size of the connection shall be based on estimated annual water consumption as calculated by the applicant's engineer and approved by the Utility Department Engineer.
5. Where a connection to the water system is to be made after construction of mains has been completed and water service is available to the user, then in addition to the connection fee, the applicant shall pay for the cost of construction and inspection from the main to the curb, such construction to be performed by an approved contractor and inspection by the MTUD.
6. No connection into the Utility Department's water system shall be made until compliance with the requirements set forth in this Section have been met, and no excavation shall be back-filled until inspection has been completed by the duly designated representative of the Utility Department.

#### **SECTION L – FILING, REVIEW, AND INSPECTION FEES**

Where mains are to be constructed by anyone other than the Utility Department the application shall make application and pay fees for the time of Utility Department personnel on an hourly basis down against the deposit as listed below:

- a) Application for Review of Preliminary Plans:  
Minor Subdivision Fee: ..... \$600.00

Major Subdivision or Major Site Plan-Deposit: ..... \$1,000.00 minimum  
or-\$ \$25.00 per unit whichever is greater.

- b) Application for Tentative Approval:  
Review Fee – Deposit: .....1-1/2 % of estimated construction cost or \$600.00 minimum.

c) Application for Final Approval:  
Review Fee – Deposit: .....1-1/2 % of estimated construction cost

Inspection Fee – Deposit: .....5% of estimated construction cost  
(\$600.00 minimum)

d) An administrative fee shall be applied directly to water reimbursement calculation update requests by or for Developers and shall include administrative, accounting and engineering time. Fees shall be a minimum of \$450.00 per calculation (up to 5 connecting developments), \$750.00 per calculation (6 to 10 connecting developments), \$1250 per calculation (11 to 20 connecting developments) and \$2000.00 (over 20 connecting developments). Fees will be deducted from the appropriate reimbursement amounts.

Applications for extensions of approval must be accompanied by a review fee deposit of \$600.00. Application for revisions after submittal and initial review must be accompanied by a review fee deposit of \$1,000.00.

If the deposit is depleted before completion of review or inspection, the applicant shall deposit an additional amount to complete the review or inspection as estimated by the Utility Department Engineer within five (5) days of notification or all review and inspection will cease at the end of the allotted five (5) days.

Any review fees for Preliminary Minor Applications is a flat fee and no portion will be returned to the applicant upon approval by the Utility Department.

Minor applications include any residential application which does not require extension of water and or sewer facilities (including service connection in the street) and which will not connect more than three houses to the water/sewer system. All commercial/industrial applications are major applications; however, the Utility Department may charge the lower minor review fee to tenants in newly approved commercial buildings for individual tenant fit out.

Any deposit monies other than review fees for Preliminary Minor Application not used will be returned to the applicant upon request after the project is completed. The Utility Department will retain sufficient funds to conduct an inspection at the end of the maintenance period.

The amount charged by the Utility Department for review and/or inspection shall be calculated by the Utility Department's Auditor on an annual basis after the adoption of the Utility Department's budget for the upcoming fiscal year, and shall be based on the hourly salary cost to the Utility Department plus the cost of fringe benefits payable to said individual and the cost of the overhead of the Utility Department allocable to that employee.

#### **SECTION M – RATES CHARGED TO CUSTOMERS SERVICED BY OTHER ENTITIES**
